

Raffles Financial

Raffles Financial is a global diversified financial services company. Registered with the Monetary Authority of Singapore, it provides public listing advisory, arrangement services and investment governance across Asia Pacific. With proprietary funding, Raffles can lead investors in various transactions with a view to exit via an IPO or RTO within a 12-18 month investment horizon.

Raffles Financial is a niche player helping firms with US\$10m-\$20m NPAT and 30%+ growth a year to IPO.

## Highlights

- Attractive dividend payment practice
- A profitable corporate finance advisory firm
- Advisor to pubcos to issue bonds, options, shares
- Counsel for family offices/trusts and VC funds
- Structure infrastructure development funding
- Monetize assets for growth via listing of REITS
- Expand via appointment of Province Reps
